EXPERIENCE

Full Stack Web Developer | Loveworld Inc. — May 2024 – June 2025

> • Upgraded and maintained existing Laravel-based websites to improve performance and UI.

> • Developed responsive and scalable full-stack applications using Laravel (PHP) and React.

> • Collaborated with design and media teams to create new web features and improve user experience.

> • Implemented secure login systems, role-based access, and admin dashboards.

Frontend Developer (Intern) | TechStar — July 2023 – December 2024

> • Built responsive components and pages using React and Tailwind CSS.

> • Contributed to a book library app, emphasizing reusable UI and accessibility.

• Participated in team sprints, followed Agile methodology, and worked with Git version control.

Frontend Web Developer | Fin Image Data Solution — 2023 – 2024

• Built frontend projects including WechoraFoods and Floral Imperial using React & Express.js.

• Managed and maintained FinImage WordPress site, ensuring content updates and plugin management.

• Collaborated with backend team to integrate APIs and maintain responsive design.

Marketing & Ambassador Lead | Vibra Africa — Aug 2022 – Mar 2023

• Coordinated regional campaigns, managed ambassador activities, and led marketing strategy sessions.

• Designed digital graphics for AMA sessions and boosted KPIs with engaging online activations.

Data Entry Operator | Docuscan — Sep 2023 – Oct 2023

• Digitized paper-based documents and implemented indexing systems for easy data retrieval.

PROJECTS

WechoraFoods Web App — React, Express.js

A food technology platform for ordering meals and consulting services. Built using React for the frontend and Express.js for the backend. Emphasized modular code and responsive layout.

FinImage Site — WordPress

Managed content, performed updates, and maintained SEO settings for a WordPress-based corporate site.

Book Library App — React, Tailwind CSS

Developed key pages and components for a digital library platform. Focused on responsive design and UI performance.

Portfolio Website — React, Tailwind, Netlify

Personal portfolio showcasing web development work and live projects.
